Without going abroad, I was able to learn a lot about both **Japan and Japanese** in this short time, and I got to meet a lot of great people!

Through **honest conversations** with one another, I was able to experience the Japanese language and culture in its best form in an online experience.

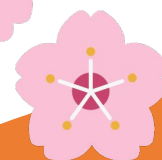

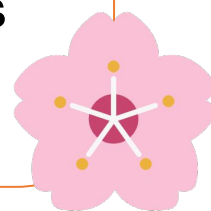

I felt **connected to other parts of the world** through connections with the TUJP volunteers and participants.

## WHAT PAST TUJP PARTICIPANTS HAVE TO SAY!

TUJP program gave me a lot of **opportunities to speak Japanese** while not having a lot of occasions to practice on my own. If you're looking for a program to **boost your confidence in your speaking skills**, TUJP is perfect for you!

みなさん、

After joining TUJP, I found my **Japanese skills advanced** to a higher level as the program's objectives suggest.
