

PRESIDENCY OF THE REPUBLIC OF TÜRKİYE
DIGITAL TRANSFORMATION OFFICE

December 9th, 2021
Ankara

BRIEF NOTE:

The first National Artificial Intelligence Strategy of Türkiye (NAIS) 2021-2025, prepared in cooperation with the Digital Transformation Office of the Presidency of the Republic of Türkiye, the Ministry of Industry and Technology, as well as the active participation of all relevant stakeholders, has entered into force.

NAIS was prepared as per the Eleventh Development Plan and the Presidential Annual Programs, in line with the "Digital Türkiye" vision and the "National Technology Move".

Having the vision of "creating value on a global scale with an agile and sustainable AI ecosystem for a prosperous Türkiye", the Strategy was designed around 6 strategic priorities.

- *Training AI Experts and Increasing Employment in the AI Domain*
- *Supporting Research, Entrepreneurship and Innovation*
- *Facilitating Access to Quality Data and Technical Infrastructure*
- *Accelerating Socioeconomic Adaptation*
- *Strengthening International Cooperation*
- *Fostering Structural and Labour Transformation*

Within the scope of these strategic priorities, 24 objectives and 119 measures were determined in order to handle the rapidly transforming nature of the AI, necessitating a dynamic implementation process.

By implementing such measures, NAIS aims to carry out AI projects effectively, improve the maturity of our country's AI ecosystem, and create value on a global scale.

NAIS (2021-2025) can be accessed by following the link or using the QR code:
